

Ginger Root Studio

Sacred Seasons

BOOK 3 / COLLECTION GUIDE / SIX RANGES, 62 PRINT BRIEFS / WORKING EDITION, OCTOBER 6, 2026

Six hymns translated into gardens, stars, water and light.

O HOLY NIGHT / COME THOU FOUNT / HIS EYE IS ON THE SPARROW / BE THOU MY VISION / HOW GREAT THOU ART / IT IS WELL

Six ranges and 62 print briefs. O Holy Night keeps its original twelve-print structure; the five companion hymns use the studio's standard ten. Each range translates meaning, symbolism and imagery into botanical pattern; no lyrics are printed.

The concept boards and motif studies are original vector drawings made in code for this planning set. They show direction and hierarchy; they are not Alisha's artwork and not verified seamless tiles. The written briefs are authoritative wherever a drawing differs.

Six ranges, 62 print briefs

How this book is organized and how the design count is reached

Code	Collection	Theme / season	Lead form	Prints	Page
OH	O Holy Night	Christmas Eve	Star of Bethlehem, nativity, angels	12	3
CF	Come Thou Fount	Spring / renewal	Flowing stems and meadow flowers	10	6
SP	His Eye Is on the Sparrow	Spring / birds	Sparrow and flowering branch	10	9
BV	Be Thou My Vision	Ancient ornament	Interlaced vine and oak	10	12
GA	How Great Thou Art	Creation / landscape	Mountain ridge and wildflower	10	15
IW	It Is Well	Water / peace	Water lily and willow	10	18

HOW THE COUNT IS REACHED

O Holy Night keeps the twelve-print structure requested in the original Christmas brief: 3 heroes + 5 secondaries + 4 coordinates = 12. The five other hymns use the studio's standard ten: 2 heroes + 2 secondaries + 4 coordinates + 1 blender + 1 micro. 12 + 5 x 10 = 62 print briefs. O Holy Night has no blender or micro print because its four coordinates already supply the quiet textures (Bethlehem Starlight, Gloria Garland, Carol Ribbon, Manger Linen).

THE ROLE HIERARCHY

Role	Per standard range	What it does	Starting scale study
Hero	2 (OH: 3)	Carries the largest visual story and the most complex arrangement. The second hero has a genuinely different composition, not a recoloring.	3-5 in motifs; 18-24 in repeat
Secondary	2 (OH: 5)	Simplifies or isolates a motif family at medium scale.	1.5-3 in motifs; 12-16 in repeat
Coordinate	4	Reduces scale, complexity or density and pairs with the hero.	0.4-1.2 in motifs; 6-12 in repeat
Blender	1 (OH: 0)	Distinguished by low contrast and visual quietness.	0.2-0.6 in rhythm; 4-8 in repeat
Micro	1 (OH: 0)	Very small, readable marks for tags, liners and small goods.	0.15-0.35 in marks; 4-6 in repeat

Scale studies are exploratory textile and paper starting points, not wallpaper specifications; the final size depends on the product and manufacturer (Book 1, page 14). O Holy Night briefs carry their own more specific studies.

HOW TO USE EACH SECTION

Page	What each three-page collection section contains
A	Collection story, named palette swatches, the full concept board with every print labeled, the signature and a pairing to test.
B	Complete print-by-print lineup: ID, name, role, motifs, composition and repeat direction, one drawing decision and a starting scale study.
C	Isolated motif references drawn from the board, what to draw first, three development steps, a silhouette-study box and a repeat-thumbnail box.

Page 21 compares the six ranges and holds the decision about which one to finish first. Pages 22-24 preserve the original twelve-print O Holy Night detail (song themes, drawing inspiration, pitfalls and product ideas) from the earlier standalone Christmas brief.

O Holy Night

Christmas Eve, the birth of Christ, and warm light entering the night. This is the existing twelve-print expanded collection, carried into the Ginger Root palette while retaining its nativity, angel, botanical and quiet-coordinate stories.

NAMED PALETTE SUBSET

Concept board drawn for this edition: the twelve swatches are repeat concepts in true lattice tilings (half-drop, brick or straight), read left to right by row in lineup order; the cream band holds isolated motif studies. Not verified seamless tiles and not Alisha’s artwork.

SIGNATURE

The Star of Bethlehem, fine gold-colored rays, olive sprigs, herald trumpets, bells and candlelight.

PAIRING TO TEST FIRST

The Holy Night + Bethlehem Starlight + Manger Linen. Put the hero beside one secondary and one quiet support at their relative scales before drawing anything else.

WHAT I NOTICE ON THE BOARD / WHAT I WOULD CHANGE IN MY OWN VERSION

O Holy Night, design by design

ID / name / role / song	Motifs	Composition / repeat	Drawing decision	Scale study
OH01 The Holy Night Hero <i>O Holy Night</i>	Holy Family beside a manger; simple shelter arch; eight-pointed Star of Bethlehem; olive sprigs; narrow gold rays.	Narrative half-drop of three slightly different nativity vignettes linked by olive branches; the night ground keeps each scene readable.	The star and radiating arch are the strongest shapes; faces and folds reduced to a few marks so it still reads when printed small.	Main vignette 3.5-5 in; suggested repeat 16 x 20 in
OH02 Heralds of Glory Hero <i>Hark! The Herald Angels Sing</i>	Three robed angel poses; feathered wings; long herald trumpets; blank curling ribbons; small stars; light flourishes.	Alternate left- and right-facing angels in a half-drop; trumpet diagonals and ribbon curves lead the eye; open cream pockets around the wings.	The trumpet supplies the motion. An elegant storybook figure with believable wings and a quiet expression.	Angel height 3-4.5 in; suggested repeat 16 x 16 in
OH03 Heaven and Nature Hero <i>Joy to the World</i>	Holly and berries; fir tips; olive sprigs; cream hellebore blossoms; tiny gold-colored starbursts.	Rounded bouquets interlocked on diagonal paths, some rotated for a multidirectional field; varied sizes give movement.	The abundant hero: full clusters with dark gaps preserved so it never becomes a solid floral mass.	Bouquet width 2.5-4 in; suggested repeat 12 x 16 in
OH04 Bethlehem at Dusk Secondary <i>O Little Town of Bethlehem</i>	Simple stone houses; flat roofs and an occasional dome; arched windows; cypress and olive trees; tiny gold stars.	Three village clusters in softly staggered horizontal bands with strips of night sky between them; the houses stay directional.	Suggestive of Bethlehem in the manner of old European cards; a few lit windows carry the feeling.	Village cluster 2-3 in; suggested repeat 12 x 12 in
OH05 A Still Small Light Secondary <i>Silent Night</i>	Slim candles; modest brass holders; three flame shapes; fine radiating arcs; olive sprigs; a few gold dots.	Spacious tossed repeat with candles at different heights, kept nearly upright, sprigs scattered between the holders.	A small gold flame and one or two crisp arcs; warmth comes from spacing and color, with most of the paper quiet.	Candle height 1.5-2.5 in; suggested repeat 10 x 12 in
OH06 Gifts of the Magi Secondary <i>We Three Kings</i>	A lidded gold casket; an incense vessel with a curling wisp; a narrow myrrh jar; guiding stars; occasional olive sprigs.	Three small gift clusters alternating in an offset repeat; vessels turned slightly; incense curves link the groups.	Separate the gifts by silhouette (low casket, wide vessel, slender jar) and repeat a few shared ornament marks.	Vessel height 1-2 in; suggested repeat 12 x 12 in
OH07 Come and Adore Secondary <i>O Come, All Ye Faithful</i>	Open olive-and-holly arches; delicate hanging lanterns; small candles; narrow ribbon tails; sparse gold leaf ticks.	Gently offset arches alternating lantern and candle centers; the center of each arch left open; only a few ribbons per tile.	Open arches rather than closed wreaths: a sense of arrival, and distinct from the botanical hero.	Arch height 2-3 in; suggested repeat 12 x 16 in
OH08 Bells of Peace Secondary <i>I Heard the Bells on Christmas Day</i>	Antique flared church bells with small clappers; narrow berry-red bows; fir sprigs; single and paired arrangements.	Bell groups tossed at restrained alternating angles; some paired, some single; bows and fir placed so each silhouette stays clear.	Old and ceremonial: a wide mouth, a small clapper and only a few engraved lines to suggest the metal.	Bell group 1.25-2 in; suggested repeat 10 x 12 in
OH09 Bethlehem Starlight Coordinate <i>The First Noel</i>	Eight-pointed stars in two sizes; a few cream pinpoints; one fine outline variation matching the hero.	Open offset scatter with a steady rhythm; larger stars separated; small pinpoints break the grid without a dense sky.	The stars stand for the Star of Bethlehem: eight points, a slightly longer vertical ray and generous spacing.	Star width 0.2-0.45 in; suggested repeat 6 x 6 in
OH10 Gloria Garland Coordinate <i>Angels We Have Heard on High</i>	A few curved feather strokes; shallow scallops; tiny paired olive leaves; delicate gold arcs.	Feather curves linked into gently repeating scallop rows, alternate rows offset; connecting leaves kept tiny.	Echo an angel wing abstractly; two or three strokes per feather survive at small size.	Scallop span 0.5-0.8 in; suggested repeat 6 x 6 in
OH11 Carol Ribbon Coordinate <i>It Came Upon the Midnight Clear</i>	Thin undulating ribbons; alternating gold and cream lines; rare tiny star pulses; a few radiating marks.	Restrained lengthwise stripe with a shallow wave; star accents staggered across lines; check the flow at the tile edges.	The line rhythm is the reference to song; keep it quieter than the bell and trumpet prints.	Stripe spacing 0.2-0.4 in; suggested repeat 6 x 8 in
OH12 Manger Linen Coordinate <i>Away in a Manger</i>	Broken cream crosshatching; tiny straw-like strokes; open basketweave squares; alternating parchment and cream marks.	A small geometric texture with slight variation in the marks; even density and very low contrast, almost a solid.	Linen through drawn marks rather than a photographic surface: warmth and visual rest, no new narrative motif.	Texture mark 0.06-0.15 in; suggested repeat 4 x 4 in

Briefs are condensed here to fit one page; the full original twelve-print detail, including song themes, drawing inspiration, steps, pitfalls and product ideas, is on pages 22-24. All twelve prints come from the original Christmas brief; nothing was added or removed.

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

A small manger and shelter, an angel wing, a herald trumpet, a church bell, a taper candle, an olive sprig and an eight-pointed star. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

- 1. Draw the shelter and star as the central nativity structure.
- 2. Give wings, trumpets and bells clear silhouettes before ornament.
- 3. Develop one open cream-ground print beside the richer night-ground hero.

Scale check: use the individual studies in the lineup (vignettes 3.5-5 in, angels 3-4.5 in, bouquets 2.5-4 in, down to 0.06-0.15 in linen marks). These are starting studies; the product decides the final size.

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

REPEAT THUMBNAIL / HERO CLUSTER IN A 3 X 3 HALF-DROP

Come Thou Fount

Renewal and mercy translated into a meadow gathered around flowing water. The stems behave like tributaries: they curve, meet, and open into small flowers. A fountain offers one quiet story motif.

Come Thou Fount + Wildflower Study + Flowing Vine. Put the hero beside one secondary and one quiet support at their relative scales before drawing anything else.

WHAT I NOTICE ON THE BOARD / WHAT I WOULD CHANGE IN MY OWN VERSION

Come Thou Fount, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

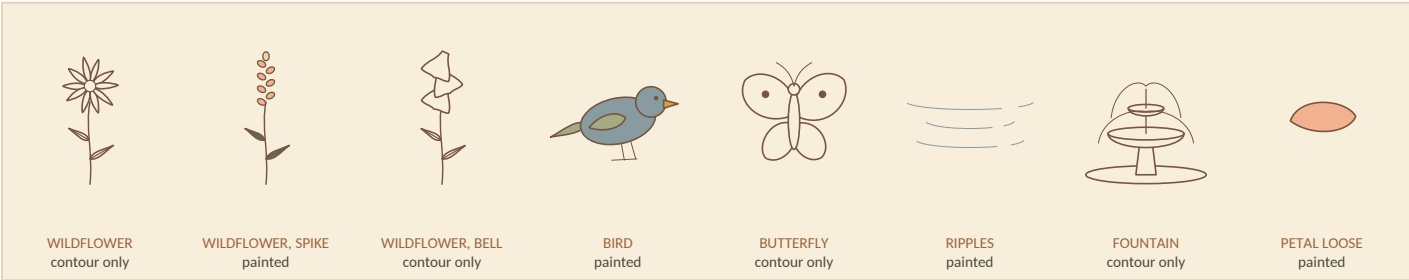

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
CF01 Come Thou Fount Hero	Wildflowers and stems arranged like a flowing stream	Botanical river half-drop	Let the main stem path stay visible through the flowers.	3-5 in motifs; 18-24 in repeat study
CF02 Streams of Mercy Hero	Flowers, water curves, birds and butterflies	Open narrative flow	Use very few birds so the water rhythm leads.	3-5 in motifs; 18-24 in repeat study
CF03 Wildflower Study Secondary	Fine flowering stems	Airy specimen scatter	Draw three recognizable flower-head shapes.	1.5-3 in motifs; 12-16 in repeat study
CF04 Fountain Garden Secondary	A vintage garden fountain and small flowers	Spaced fountain medallions	Keep the fountain simple and botanicals light.	1.5-3 in motifs; 12-16 in repeat study
CF05 Little Wildflowers Coordinate	Tiny single blossoms	Open tossed repeat	Use two small bloom shapes and a narrow stem.	0.4-1.2 in motifs; 6-12 in repeat study
CF06 Water & Vine Coordinate	Short water arcs and leafy curves	Winding low-density trail	Let the lines echo without turning into a dense wave pattern.	0.4-1.2 in motifs; 6-12 in repeat study
CF07 Butterfly Meadow Coordinate	Small butterflies and buds	Light offset scatter	Leave broad spaces around the wings.	0.4-1.2 in motifs; 6-12 in repeat study
CF08 Tiny Petals Coordinate	Small falling petals	Quiet multidirectional toss	Vary orientation rather than silhouette.	0.4-1.2 in motifs; 6-12 in repeat study
CF09 Flowing Vine Blender	Single shallow S-curves	Pale continuous flowing lines	Check the line joins at the tile boundaries.	0.2-0.6 in rhythm; 4-8 in repeat study
CF10 Rain & Petal Micro	Tiny drops, petals and dots	Soft micro scatter	Keep drops small and irregularly spaced.	0.15-0.35 in marks; 4-6 in repeat study

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

Three wildflower stems, one small bird, one butterfly, a shallow water arc, a fountain bowl, and several loose petals. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

- 1. Draw a long stream-like S-curve, then let stems grow from its bends.
- 2. Simplify a fountain to a bowl, pedestal and thin water arcs.
- 3. Keep meadow clusters small enough for the flowing structure to remain visible.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

It Is Well, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

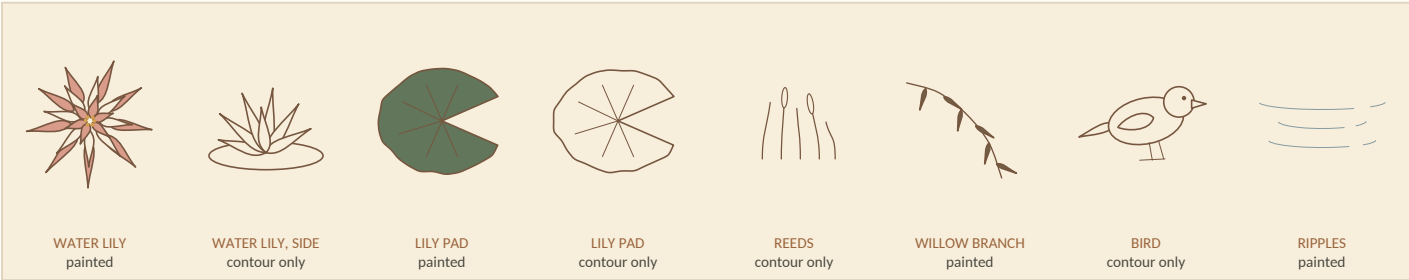

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
IW01 It Is Well Hero	Water lilies and graceful broad leaves	Slow spacious floating floral repeat	Allow generous open water between the lily groups.	3-5 in motifs; 18-24 in repeat study
IW02 Still Waters Hero	Lilies, reeds, willow and small birds	Quiet horizontal story vignettes	Keep the horizon implied rather than drawing a solid line.	3-5 in motifs; 18-24 in repeat study
IW03 Water Lily Study Secondary	Single lilies and pads	Airy specimen scatter	Use both top and side views.	1.5-3 in motifs; 12-16 in repeat study
IW04 Willow Garden Secondary	Fine drooping willow branches	Open trailing branch repeat	Vary the branch lengths while keeping the movement gentle.	1.5-3 in motifs; 12-16 in repeat study
IW05 Lily Pad Coordinate	Simple small lily pads	Quiet floating scatter	Keep the notch and leaf edge clearly drawn.	0.4-1.2 in motifs; 6-12 in repeat study
IW06 Reeds Coordinate	Small reed groups	Spacious nearly upright sprigs	Use a few slender stems per group.	0.4-1.2 in motifs; 6-12 in repeat study
IW07 Water & Leaf Coordinate	Short ripples and small leaves	Low-density horizontal flow	Keep ripple lines lighter than leaf contours.	0.4-1.2 in motifs; 6-12 in repeat study
IW08 Tiny Lily Coordinate	Small simplified lilies	Open flower scatter	Reduce petal layers at this scale.	0.4-1.2 in motifs; 6-12 in repeat study
IW09 Rippling Water Blender	Very fine shallow curved lines	Low-contrast continuous water rhythm	Check that curves meet smoothly across the repeat.	0.2-0.6 in rhythm; 4-8 in repeat study
IW10 Lily & Dot Micro	Tiny lilies and small dots	Sparse micro scatter	Use a delicate dot density and broad background space.	0.15-0.35 in marks; 4-6 in repeat study

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

A water lily from above, a side-facing lily, two lily pads, a reed cluster, a willow branch, a small bird and three ripple curves. Draw each on paper at a comfortable size, line only, before any color or repeat work.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

THREE DEVELOPMENT STEPS

- 1. Separate the pointed lily petals from the broad rounded pad silhouette.
- 2. Draw ripples as shallow ellipses with deliberate breaks.
- 3. Keep lily groups apart so open water is part of the design.

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

Come Thou Fount CF / 10 prints					
His Eye Is on the Sparrow SP / 10 prints					
Be Thou My Vision BV / 10 prints					
How Great Thou Art GA / 10 prints					
It Is Well IW / 10 prints					

DECISION RULE

Choose the range you can return to for several weeks with drawings you already have. Momentum beats novelty: O Holy Night already has the most developed brief and shares its star, olive sprig and sparrow language with the other five, so it is the natural first Sacred Seasons range after a Botanical & Seasonal collection exists. Keep the other ranges as reference folders until the first range is proofed and presented.

RELEASE CHECK FOR THE CHOSEN RANGE

- ☐ A recognizable hero and a genuinely different second hero.
- ☐ Quiet supports that pair with the hero at their intended scales.
- ☐ One named palette subset used consistently across all prints.
- ☐ Clean repeat boundaries tested on an exported tile, not only the live preview.
- ☐ Readable detail at the intended product size.
- ☐ A concise presentation with IDs, roles and the palette (Book 1, page 18).

THE RANGE I WILL FINISH FIRST / WHY / BY THE END OF WEEK

WHAT ITS FIRST TEN DRAWINGS WILL BE

The earlier Christmas design branch, preserved

Song themes, drawing inspiration, steps, pitfalls and product ideas from the original standalone brief

The first standalone Christmas PDF used a darker seven-color palette. The Sacred Seasons guide adapts those prints into the studio's 23-color palette (Warm Cream, Old Parchment, garden greens, Warm Berry, Warm Gold, Soft Cocoa and Blue Willow) while keeping the religious imagery and hierarchy. The seven earlier colors are shown here for history only; they are not in the .ase file and should not be mixed into the master palette.

The nativity star is the Star of Bethlehem. The original brief's "North Star" wording has been corrected: the biblical guiding star is not Polaris, and a stylized eight-point star serves the collection's visual language.

OH01 The Holy Night / Hero / inspired by *O Holy Night*

Theme. Wonder, hope, and a world transformed by the birth of Christ. The central image is light entering darkness; the nativity is intimate rather than crowded.

Drawing inspiration. Look at the composition of devotional miniatures: a sheltering arch, grouped figures, and light arranged around a small focal point. Borrow the structure and restraint, then invent your own drawing.

Steps. 1. Sketch the shelter and manger as two simple silhouettes. 2. Fit the bowed figures around the child without merging their outlines. 3. Add star rays and olive sprigs; test the grouping in a half-drop.

Pitfalls. A single large scene, detailed facial features, or a star competing with other celestial symbols.

Original palette / alternate. Midnight; Ivory; Gold; Candlelight; Ivory ground with midnight outlines and antique-gold rays.

Pair with. Bethlehem Starlight + Manger Linen

Product ideas. Statement gift wrap, fabric panels, stationery covers, keepsake boxes.

OH02 Heralds of Glory / Hero / inspired by *Hark! The Herald Angels Sing*

Theme. A joyful announcement: angels proclaim the birth of Christ.

Translate that proclamation into upward movement, opened wings, and the long sweep of a trumpet.

Drawing inspiration. Study the silhouette of engraved angels, the layered structure of bird feathers, and the flared bell of an old brass trumpet. Combine those observations into original figures.

Steps. 1. Draw one standing and two gently floating gown silhouettes. 2. Construct each wing from broad feather groups before adding fine lines. 3. Place trumpet and ribbon diagonals across an offset repeat.

Pitfalls. Cartoon cherubs, crowded clouds, heavy halos, or lettering on the ribbons.

Original palette / alternate. Ivory; Gold; Cranberry; Oat; Midnight ground with ivory gowns and gold instruments.

Pair with. Gloria Garland + Carol Ribbon

Product ideas. Premium wrap, decorative textiles, journal covers, holiday cards.

OH03 Heaven and Nature / Hero / inspired by *Joy to the World*

Theme. Creation joining in celebration. Let the song inspire an abundant botanical rhythm, with winter greenery opening outward like a chorus.

Drawing inspiration. Use botanical engraving for leaf contours and vein structure, illuminated borders for flowing stems, and the open five-petal form of hellebores for calm ivory focal points.

Steps. 1. Draw one holly branch, one fir tip, and two blossom angles. 2. Build three bouquets with different proportions of flowers and leaves. 3. Rotate and interlock the bouquets, checking the dark gaps.

Pitfalls. Bright cherry red, oversized berries, identical bouquets, or competing floral species.

Original palette / alternate. Evergreen; Ivory; Cranberry; Gold; Ivory ground with evergreen foliage and restrained cranberry berries.

Pair with. Bells of Peace + Manger Linen

Product ideas. All-over fabric, table linens, wrap, decorative packaging.

OH04 Bethlehem at Dusk / Secondary / inspired by *O Little Town of Bethlehem*

Theme. A quiet town holding an extraordinary hope. Express the contrast between sleeping streets and small, warm windows rather than making every building a landmark.

Drawing inspiration. Sketch masonry outlines, modest roof shapes, and the dark vertical silhouette of a cypress. Use vintage village illustrations for simplified grouping rather than literal architectural copying.

Steps. 1. Draw five small houses with distinct but simple rooflines. 2. Group houses around one tree and a few lighted windows. 3. Offset the clusters and remove windows that make the scene too busy.

Pitfalls. Snow, European church spires, detailed streets, or a competing oversized moon.

Original palette / alternate. Midnight; Ivory; Oat; Candlelight; Oat ground with midnight outlines and ivory buildings.

Pair with. The Holy Night + Bethlehem Starlight

Product ideas. Wrapping paper, tea towels, fabric borders, card backgrounds.

The earlier Christmas design branch, preserved

Song themes, drawing inspiration, steps, pitfalls and product ideas from the original standalone brief

OH05 A Still Small Light / Secondary / inspired by *Silent Night*

Theme. Stillness, tenderness, and sacred peace. A candle is an interpretive symbol of that quiet feeling; the print should slow the eye rather than announce itself.

Drawing inspiration. Observe taper candles, worn brass candlesticks, olive-leaf shapes, and the spare linework of devotional stationery. Simplify each object before adding any ornamental detail.

Steps. 1. Draw three candle heights with the same narrow proportions. 2. Test flame and holder silhouettes at small print size. 3. Space the candles generously and add only a few olive sprigs.

Pitfalls. Blurry glow effects, melting wax drama, elaborate candelabras, or dense decoration.

Original palette / alternate. Ivory; Gold; Oat; Candlelight; Deep evergreen ground with ivory candles and gold holders.

Pair with. The Holy Night + Gloria Garland

Product ideas. Tissue, stationery liners, fabric, soft background wrap.

OH06 Gifts of the Magi / Secondary / inspired by *We Three Kings*

Theme. A guided journey ending in an offering. Translate gold, frankincense, and myrrh into small ceremonial treasures rather than a literal procession of kings.

Drawing inspiration. Look at engraved metalwork, old apothecary vessels, small ceremonial boxes, and the controlled curl of incense. Use those forms as drawing prompts rather than historical reconstructions.

Steps. 1. Sketch each vessel as a distinct closed silhouette. 2. Add one shared border detail and restrained gold hatching. 3. Build gift clusters with one guiding star and a light incense curve.

Pitfalls. Modern wrapped presents, excessive jewels, crowded crowns, or detailed royal portraits.

Original palette / alternate. Cranberry; Gold; Ivory; Oat; Ivory ground with cranberry shadows and gold vessels.

Pair with. Heralds of Glory + Carol Ribbon

Product ideas. Keepsake packaging, gift wrap, upholstery accents, stationery.

OH07 Come and Adore / Secondary / inspired by *O Come, All Ye Faithful*

Theme. An invitation to gather in reverence. An open garland arch becomes a welcoming threshold; a small lantern suggests the light toward which people travel.

Drawing inspiration. Study illuminated arch borders, slender lantern frames, natural garland drape, and the curve of an olive branch. Keep the architectural suggestion light and decorative.

Steps. 1. Draw one simple arch with a gently uneven garland curve. 2. Create two small lanterns that fit comfortably inside it. 3. Offset the arches and vary only the center motif and ribbon detail.

Pitfalls. Heavy cathedral detail, thick wreaths, large bows, or crowded human processions.

Original palette / alternate. Evergreen; Gold; Ivory; Cranberry; Ivory ground with evergreen arches and gold lanterns.

Pair with. Heaven and Nature + Manger Linen

Product ideas. Decorative fabric, wrap, placemats, packaging side panels.

OH08 Bells of Peace / Secondary / inspired by *I Heard the Bells on Christmas Day*

Theme. Hope and peace heard through the ringing of bells. Give the repeat a gentle swaying rhythm, using paired bells and curved sprigs to suggest sound.

Drawing inspiration. Observe the silhouette of a historic church bell, its flared rim, and the way a narrow ribbon falls around a handle. Use fir needles as a delicate counterpoint.

Steps. 1. Draw front and three-quarter views of one bell design. 2. Add a narrow bow that leaves the bell shape readable. 3. Alternate single and double bells, balancing the spaces between them.

Pitfalls. Round jingle-bell clip art, large ribbon bows, ringing motion lines, or shiny metal gradients.

Original palette / alternate. Ivory; Gold; Cranberry; Evergreen; Midnight ground with gold bells and ivory highlights.

Pair with. Heaven and Nature + Carol Ribbon

Product ideas. Gift wrap, fabric, ribbon-adjacent packaging, napkins.

The earlier Christmas design branch, preserved

Song themes, drawing inspiration, steps, pitfalls and product ideas from the original standalone brief

OH09 Bethlehem Starlight / Coordinate / inspired by *The First Noel*
Theme. Guidance and discovery beneath the star. Reduce the story to a small, recognizable celestial mark that carries the collection's sacred identity quietly.

Drawing inspiration. Study eight-point ornamental stars and the spare dot patterns of vintage endpapers. Draw a consistent family instead of mixing unrelated star silhouettes.

Steps. 1. Draw a small star on a vertical and horizontal axis. 2. Create a short-ray and an elongated-ray variation. 3. Repeat at actual size, then remove stars until the field feels calm.

Pitfalls. Large halos, many different star shapes, constellations, or a dominant moon.

Original palette / alternate. Midnight; Gold; Ivory; Ivory ground with small antique-gold stars.

Pair with. The Holy Night + Bethlehem at Dusk

Product ideas. Liners, binding fabric, tissue, small packaging, card backs.

OH10 Gloria Garland / Coordinate / inspired by *Angels We Have Heard on High*

Theme. Praise flowing outward like a sustained chorus. Abstract the angel's wing into feather curves and soft scallops, carrying the celestial theme without more figures.

Drawing inspiration. Use the contour of a single feather, the flow of a wingtip, and small scalloped manuscript borders as starting forms. Favor shallow curves and light line weight.

Steps. 1. Simplify one feather into a curved spine and two small strokes. 2. Join several curves into a shallow scallop. 3. Repeat in offset rows and open the spacing until the ivory dominates.

Pitfalls. Literal tiny angels, dense lace, intricate feather barbs, or high-contrast outlines.

Original palette / alternate. Ivory; Gold; Oat; Evergreen ground with ivory feather curves and gold ticks.

Pair with. Heralds of Glory + A Still Small Light

Product ideas. Liners, fabric coordinates, stationery borders, napkins.

OH11 Carol Ribbon / Coordinate / inspired by *It Came Upon the Midnight Clear*

Theme. A peaceful message carried across the night. Suggest distant caroling through the rhythm of fine flowing lines rather than drawing a literal musical score.

Drawing inspiration. Observe the shallow wave of a narrow ribbon laid flat and the fine stripes of old book endpapers. Translate that movement into controlled, original linework.

Steps. 1. Draw one shallow wave and a closely spaced companion line. 2. Repeat the pair at a steady narrow interval. 3. Add sparse star pulses and test the join at both ends of the stripe.

Pitfalls. Dense musical notation, broad candy-cane stripes, large bows, or random line spacing.

Original palette / alternate. Cranberry; Gold; Ivory; Ivory ground with fine cranberry and gold ribbon lines.

Pair with. Heralds of Glory + Gifts of the Magi

Product ideas. Binding, liners, borders, packaging trim, small fabric pieces.

OH12 Manger Linen / Coordinate / inspired by *Away in a Manger*

Theme. Humility, shelter, and tenderness. Translate the simplicity of the manger into a warm woven-looking texture that rests between the collection's more descriptive prints.

Drawing inspiration. Study loose linen weave and a small straw bundle for crossing directions and irregular ends. Simplify them into a few repeatable marks with generous space.

Steps. 1. Draw three short straw-like strokes and one open woven square. 2. Alternate their direction inside a small repeat. 3. Reduce contrast and view from a distance until the texture becomes quiet.

Pitfalls. Photographic fabric texture, distressed stains, heavy crosshatching, or obvious large straw bundles.

Original palette / alternate. Oat; Ivory; Ivory ground with pale oat texture marks.

Pair with. The Holy Night + Heaven and Nature

Product ideas. Backing fabric, binding, tissue, packaging interiors, stationery.
