

Ginger Root Studio

Botanical & Seasonal Collections

BOOK 2 / COLLECTION GUIDE / SIX RANGES, 60 PRINT BRIEFS / WORKING EDITION, OCTOBER 6, 2026

Six gardens through the year, drawn with one hand and one palette.

HARVEST GARDEN / CHRISTMAS AT THE GARDEN / WINTER GARDEN / THE SECRET GARDEN / THE GARDEN PARTY / JADE GARDEN

Six ranges and 60 print briefs: Harvest Garden, Christmas at the Garden, Winter Garden, The Secret Garden, The Garden Party and the signature Jade Garden. Each range has a story, a named palette subset, a concept board, a complete lineup and a drawing page.

The concept boards and motif studies are original vector drawings made in code for this planning set. They show direction and hierarchy; they are not Alisha's artwork and not verified seamless tiles. The written briefs are authoritative wherever a drawing differs.

Six ranges, 60 print briefs

How this book is organized and how the design count is reached

Code	Collection	Theme / season	Lead form	Prints	Page
HG	Harvest Garden	Autumn	Dahlia and oak	10	3
CG	Christmas at the Garden	Christmas	Poinsettia and camellia	10	6
WG	Winter Garden	Winter	Pale camellia and bare twig	10	9
SG	The Secret Garden	Spring	Peony and camellia	10	12
GP	The Garden Party	Summer	Open summer bloom and strawberry	10	15
JG	Jade Garden	Signature / evergreen	Camellia and S-curve vine	10	18

HOW THE COUNT IS REACHED

Six collections x ten designs = 60 print briefs. Every range uses the studio’s standard structure: 2 heroes + 2 secondaries + 4 coordinates + 1 blender + 1 micro. Harvest Garden and Christmas at the Garden were each one design short in the original conversation; Orchard Sprig (HG08) and Pinecone Sprig (CG08) were added in this edition to complete them and are marked as proposals in their briefs.

THE ROLE HIERARCHY

Role	Per standard range	What it does	Starting scale study
Hero	2	Carries the largest visual story and the most complex arrangement. The second hero has a genuinely different composition, not a recoloring.	3-5 in motifs; 18-24 in repeat
Secondary	2	Simplifies or isolates a motif family at medium scale.	1.5-3 in motifs; 12-16 in repeat
Coordinate	4	Reduces scale, complexity or density and pairs with the hero.	0.4-1.2 in motifs; 6-12 in repeat
Blender	1	Distinguished by low contrast and visual quietness.	0.2-0.6 in rhythm; 4-8 in repeat
Micro	1	Very small, readable marks for tags, liners and small goods.	0.15-0.35 in marks; 4-6 in repeat

Scale studies are exploratory textile and paper starting points, not wallpaper specifications; the final size depends on the product and manufacturer (Book 1, page 14). O Holy Night briefs carry their own more specific studies.

HOW TO USE EACH SECTION

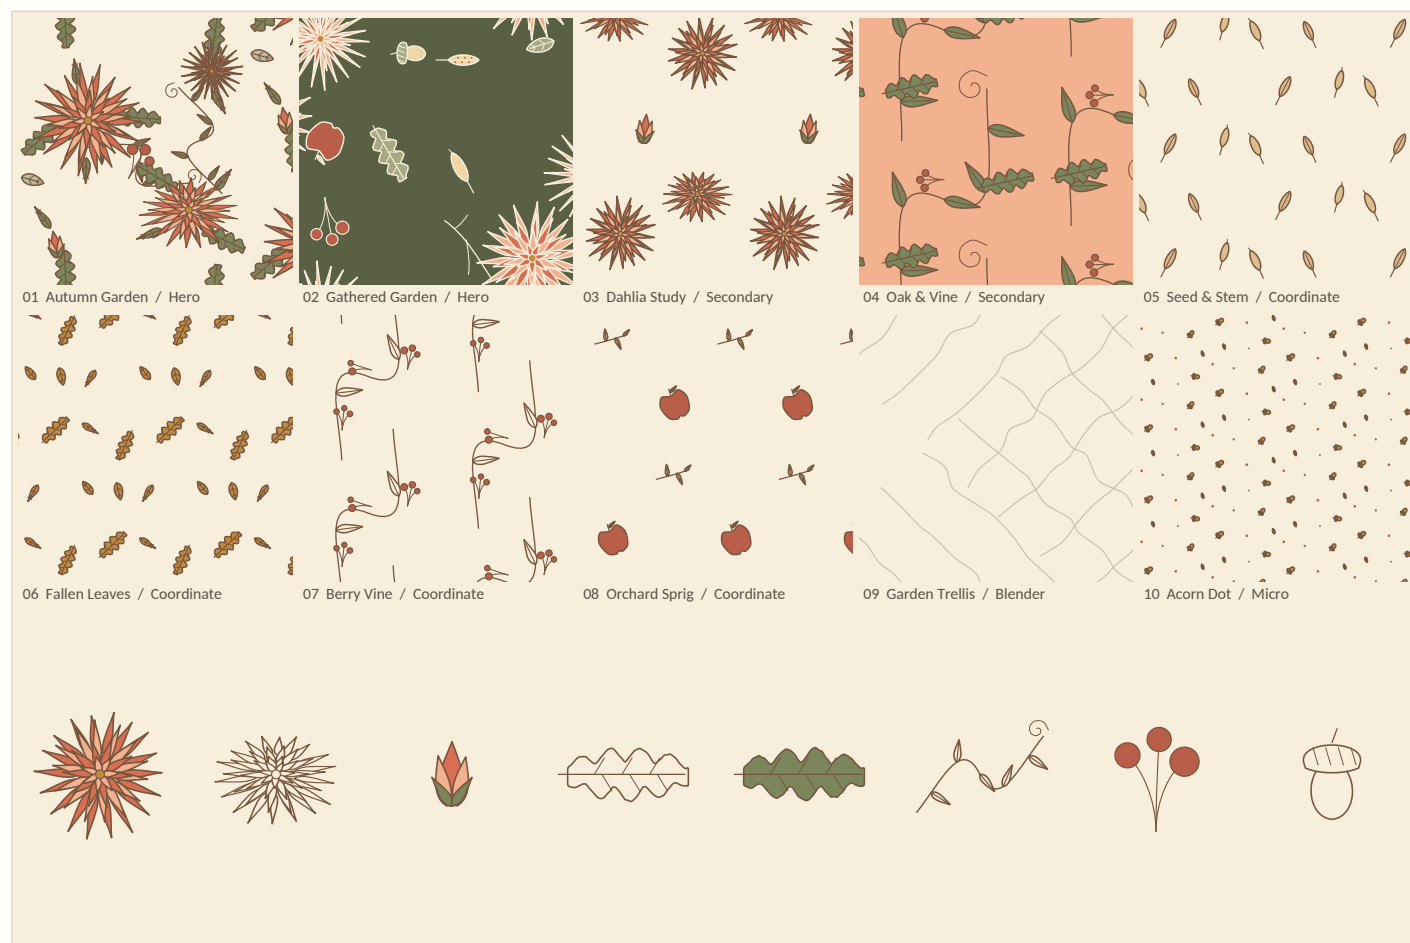

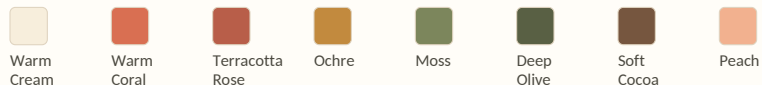

Page	What each three-page collection section contains
A	Collection story, named palette swatches, the full concept board with every print labeled, the signature and a pairing to test.
B	Complete print-by-print lineup: ID, name, role, motifs, composition and repeat direction, one drawing decision and a starting scale study.
C	Isolated motif references drawn from the board, what to draw first, three development steps, a silhouette-study box and a repeat-thumbnail box.

Page 21 compares the six ranges and holds the decision about which one to finish first.

Harvest Garden

The garden at the end of summer: flowers still open, seed heads gathering, and leaves beginning to turn. Warm coral and ochre carry autumn while cream and peach keep the studio palette luminous.

NAMED PALETTE SUBSET

Concept board drawn for this edition: the ten swatches are repeat concepts in true lattice tilings (half-drop, brick or straight), read left to right by row in lineup order; the cream band holds isolated motif studies. Not verified seamless tiles and not Alisha's artwork.

SIGNATURE

Dahlia petals, oak lobes, and fine curling stems; warm, gathered abundance.

PAIRING TO TEST FIRST

Autumn Garden + Oak & Vine + Acorn Dot. Put the hero beside one secondary and one quiet support at their relative scales before drawing anything else.

WHAT I NOTICE ON THE BOARD / WHAT I WOULD CHANGE IN MY OWN VERSION

Harvest Garden, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
HG01 Autumn Garden Hero	Dahlias, chrysanthemums and climbing foliage	Flowing half-drop; large blooms interrupt smaller clusters	Vary the petal rings so the flowers feel hand drawn.	3-5 in motifs; 18-24 in repeat study
HG02 Gathered Garden Hero	Flowers, acorns, berries, seed pods and branches	Loose narrative toss with a few open pockets	Keep the small objects subordinate to the flower groups.	3-5 in motifs; 18-24 in repeat study
HG03 Dahlia Study Secondary	Individual dahlias with short leafy stems	Airy offset bloom repeat	Use three flower angles rather than one repeated circle.	1.5-3 in motifs; 12-16 in repeat study
HG04 Oak & Vine Secondary	Oak leaves, curling vines and berries	Diagonal trailing branches	Let the oak silhouette read before adding vein detail.	1.5-3 in motifs; 12-16 in repeat study
HG05 Seed & Stem Coordinate	Small pods on fine stems	Open sprig scatter	Draw one closed pod and one opened pod.	0.4-1.2 in motifs; 6-12 in repeat study
HG06 Fallen Leaves Coordinate	Three small leaf silhouettes	Multidirectional toss	Change angle and spacing more than color.	0.4-1.2 in motifs; 6-12 in repeat study
HG07 Berry Vine Coordinate	Small berry clusters on curved stems	Gentle linked diagonal trail	Keep berry sizes small and the stems thin.	0.4-1.2 in motifs; 6-12 in repeat study
HG08 Orchard Sprig Coordinate	Small apples, leaves and short twigs	Spacious alternating sprigs	Added to complete the ten-print lineup; keep it quieter than the story hero.	0.4-1.2 in motifs; 6-12 in repeat study
HG09 Garden Trellis Blender	Thin interlaced botanical curves	Low-contrast open lattice	Use one continuous curve family with broad background gaps.	0.2-0.6 in rhythm; 4-8 in repeat study
HG10 Acorn Dot Micro	Tiny acorns, dots and occasional leaves	Even micro scatter with slight irregularity	Simplify the cup and nut to two readable shapes.	0.15-0.35 in marks; 4-6 in repeat study

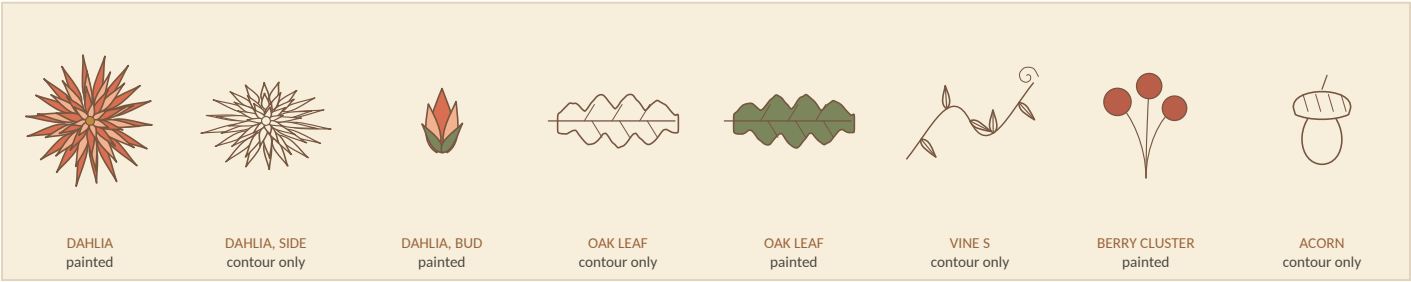

HG08 Orchard Sprig is a proposed addition from this edition, completing a list that was one design short in the original conversation.

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

One front-facing dahlia, one side flower, one opening bud, three oak leaves, two stem curves, a berry branch, and an acorn. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

- 1. Map the dahlia as nested petal rings around an uneven center.
- 2. Draw oak lobes in silhouette, then add only the strongest veins.
- 3. Build one floral cluster and one gathered-object cluster before arranging the repeat.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

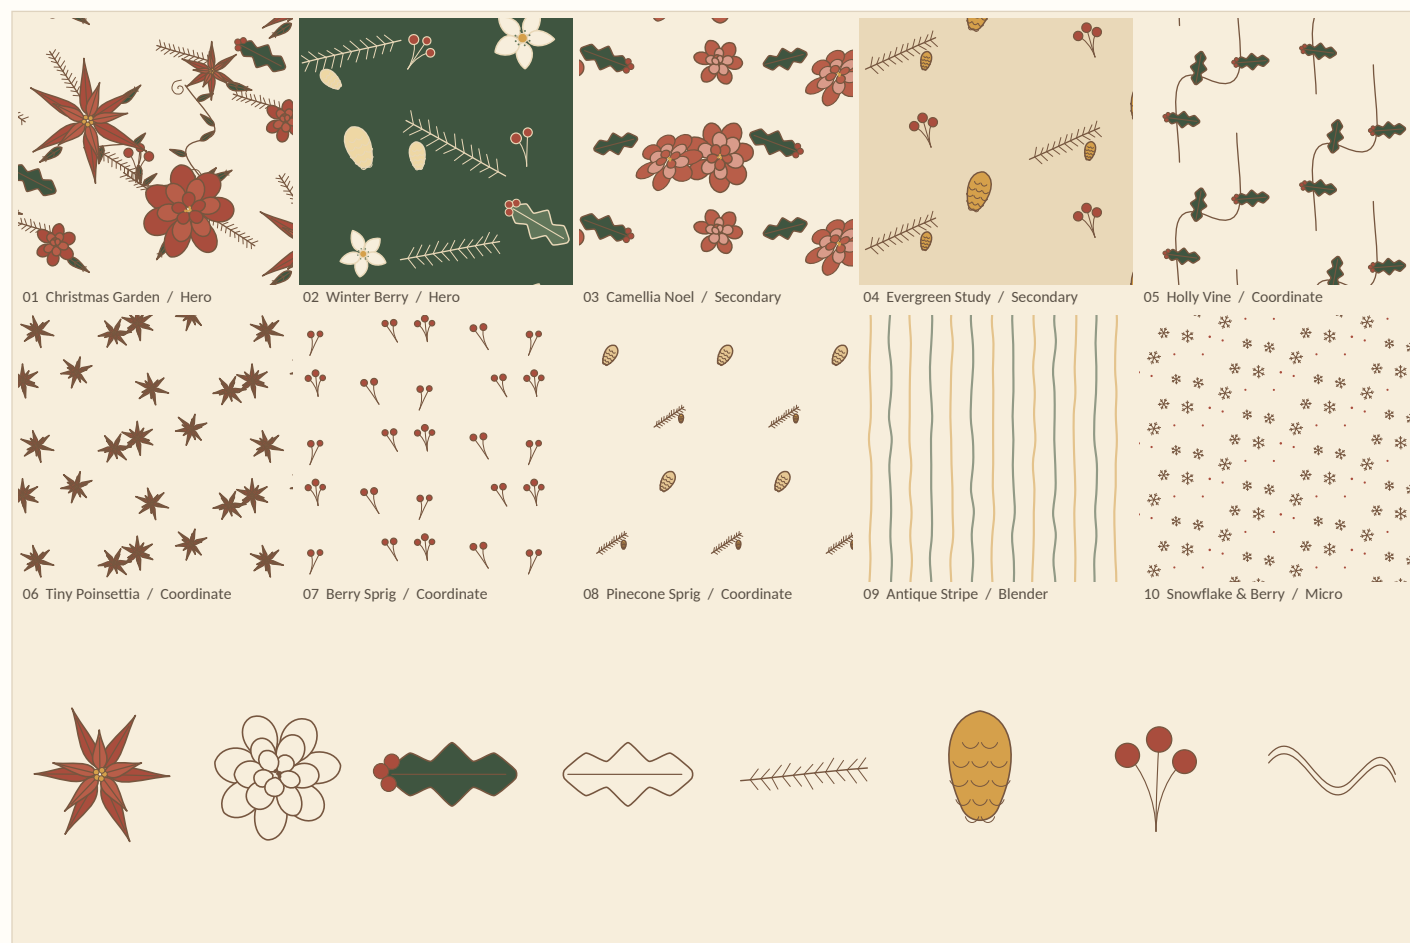

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

REPEAT THUMBNAIL / HERO CLUSTER IN A 3 X 3 HALF-DROP

Christmas at the Garden

A festive cottage garden translated into flowers and greenery. Poinsettias, camellias, berries and pinecones sit on warm cream, connecting Christmas to the studio's year-round botanical identity.

NAMED PALETTE SUBSET

Concept board drawn for this edition: the ten swatches are repeat concepts in true lattice tilings (half-drop, brick or straight), read left to right by row in lineup order; the cream band holds isolated motif studies. Not verified seamless tiles and not Alisha's artwork.

SIGNATURE

Cream grounds, winter flowers, and small warm-red accents; the botanical Christmas branch of the brand.

PAIRING TO TEST FIRST

Christmas Garden + Camellia Noel + Antique Stripe. Put the hero beside one secondary and one quiet support at their relative scales before drawing anything else.

WHAT I NOTICE ON THE BOARD / WHAT I WOULD CHANGE IN MY OWN VERSION

Christmas at the Garden, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
CG01 Christmas Garden Hero	Poinsettias, camellias, evergreen and berries	Open cream-ground floral half-drop	Let broad flower shapes lead; use gold only in small centers.	3-5 in motifs; 18-24 in repeat study
CG02 Winter Berry Hero	Evergreen branches, berries, flowers and pinecones	Sweeping branch clusters with alternating diagonals	Build rhythm with branch direction rather than dense filler.	3-5 in motifs; 18-24 in repeat study
CG03 Camellia Noel Secondary	Camellias and short holly branches	Medium-scale floral toss	Reuse the Jade Garden petal language in a festive colorway.	1.5-3 in motifs; 12-16 in repeat study
CG04 Evergreen Study Secondary	Pine branches, cones and berries	Offset botanical specimens	Keep cones lighter and smaller than the needles around them.	1.5-3 in motifs; 12-16 in repeat study
CG05 Holly Vine Coordinate	Small holly leaves and berries	Fine trailing vine	Use a restrained leaf-and-berry rhythm.	0.4-1.2 in motifs; 6-12 in repeat study
CG06 Tiny Poinsettia Coordinate	Simplified small poinsettia flowers	Spacious all-over scatter	Reduce the flower to a clear pointed silhouette.	0.4-1.2 in motifs; 6-12 in repeat study
CG07 Berry Sprig Coordinate	Small paired berry branches	Gentle alternating toss	Leave the cream background dominant.	0.4-1.2 in motifs; 6-12 in repeat study
CG08 Pinecone Sprig Coordinate	Tiny cones with a few pine needles	Open directional sprigs	Added to complete the ten-print lineup; simplify cone scales.	0.4-1.2 in motifs; 6-12 in repeat study
CG09 Antique Stripe Blender	Fine uneven gold and garden-green lines	Narrow vertical stripe	Keep the stripe lighter than the florals.	0.2-0.6 in rhythm; 4-8 in repeat study
CG10 Snowflake & Berry Micro	Small branching snow marks and tiny berries	Quiet micro dot rhythm	Use spare linework and very few snow shapes.	0.15-0.35 in marks; 4-6 in repeat study

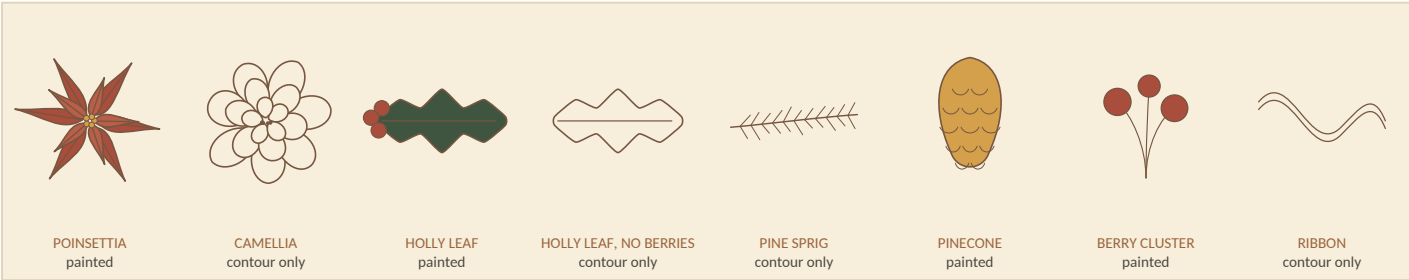

CG08 Pinecone Sprig is a proposed addition from this edition, completing a list that was one design short in the original conversation.

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

A poinsettia cluster, a rounded camellia, two holly leaves, a pine sprig, a pinecone, a berry branch, and one fine ribbon line. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

- 1. Separate pointed poinsettia bracts from rounded camellia petals.
- 2. Draw holly and pine with the same delicate contour weight.
- 3. Test the cream-ground hero first, then derive the sprigs and tiny motifs.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

REPEAT THUMBNAIL / HERO CLUSTER IN A 3 X 3 HALF-DROP

Winter Garden

A quiet garden after frost. Bare branches, pale camellias and small berries create a winter story that can continue after Christmas. Warm cream and oat hold the warmth; Blue Willow supplies the cool breath.

NAMED PALETTE SUBSET

GINGER ROOT STUDIO / BOOK 2 / BOTANICAL & SEASONAL

09

Winter Garden, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
WG01 Winter Camellia Hero	Pale camellias, evergreen leaves and berries	Spacious floral half-drop	Give petals broad light areas and keep berries muted.	3-5 in motifs; 18-24 in repeat study
WG02 Frosted Garden Hero	Bare branches, berries, tiny flowers and pine	Open directional branch network	Let unfilled branches supply the winter character.	3-5 in motifs; 18-24 in repeat study
WG03 Camellia Study Secondary	Single pale camellia stems	Airy offset repeat	Use one full bloom and two side views.	1.5-3 in motifs; 12-16 in repeat study
WG04 Pine & Cone Secondary	Short pine branches and cones	Alternating botanical sprigs	Reduce needle density so the drawing stays soft.	1.5-3 in motifs; 12-16 in repeat study
WG05 Berry Vine Coordinate	Small winter berries and bare stems	Light winding trail	Use the stems as the main pattern rhythm.	0.4-1.2 in motifs; 6-12 in repeat study
WG06 Winter Leaves Coordinate	Small oval and pointed leaves	Quiet tossed repeat	Keep the leaves thinly painted and lightly outlined.	0.4-1.2 in motifs; 6-12 in repeat study
WG07 Tiny Pine Coordinate	Very small pine tips	Open staggered scatter	Draw a few needle groups instead of every needle.	0.4-1.2 in motifs; 6-12 in repeat study
WG08 Branch & Bud Coordinate	Short bare twigs with closed buds	Minimal alternating sprigs	Preserve gaps between the bud and twig forks.	0.4-1.2 in motifs; 6-12 in repeat study
WG09 Winter Lattice Blender	Thin twig-like crossing lines	Low-contrast loose grid	Avoid dark intersections that turn the pattern into a check.	0.2-0.6 in rhythm; 4-8 in repeat study
WG10 Snowberry Micro	Tiny berries and small dots	Soft nearly regular micro repeat	Keep the berries smaller than the coordinates.	0.15-0.35 in marks; 4-6 in repeat study

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

PINECONE
painted

PINE SPRIG
contour only

BUD
lightly painted

BERRY CLUSTER
painted

WHAT TO DRAW FIRST

Three camellia angles, a bare branching twig, two pinecones, a fine pine sprig, a closed bud, and a small berry cluster. Draw each on paper at a comfortable size, line only, before any color or repeat work.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

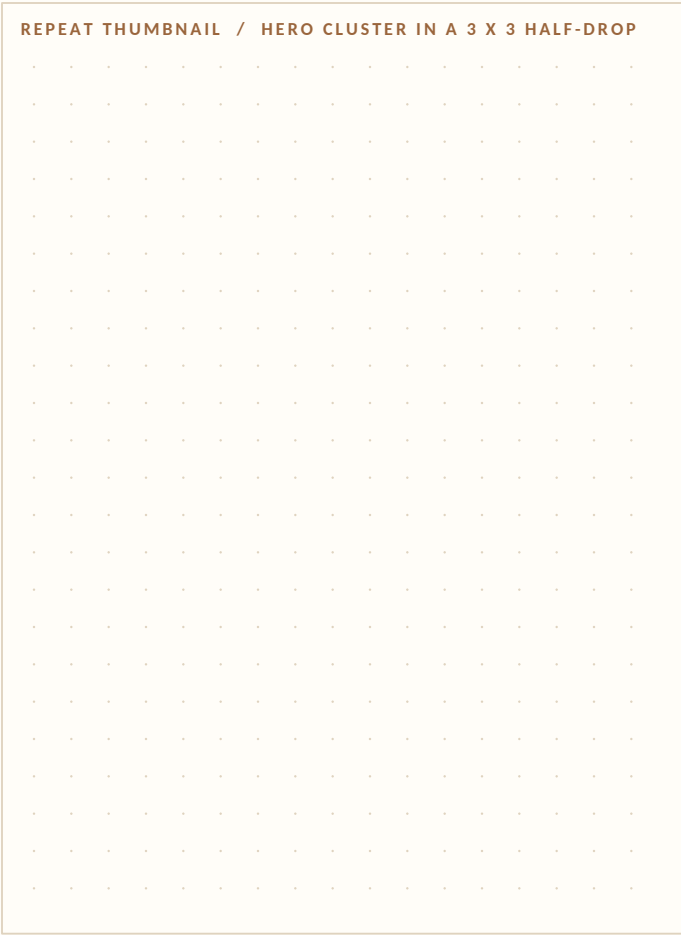

THREE DEVELOPMENT STEPS

- 1. Map the branch forks before adding flowers or berries.
- 2. Use the camellia contour with lighter fills and fewer petal shadows.
- 3. Alternate full flower groups with quiet bare-branch areas.

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

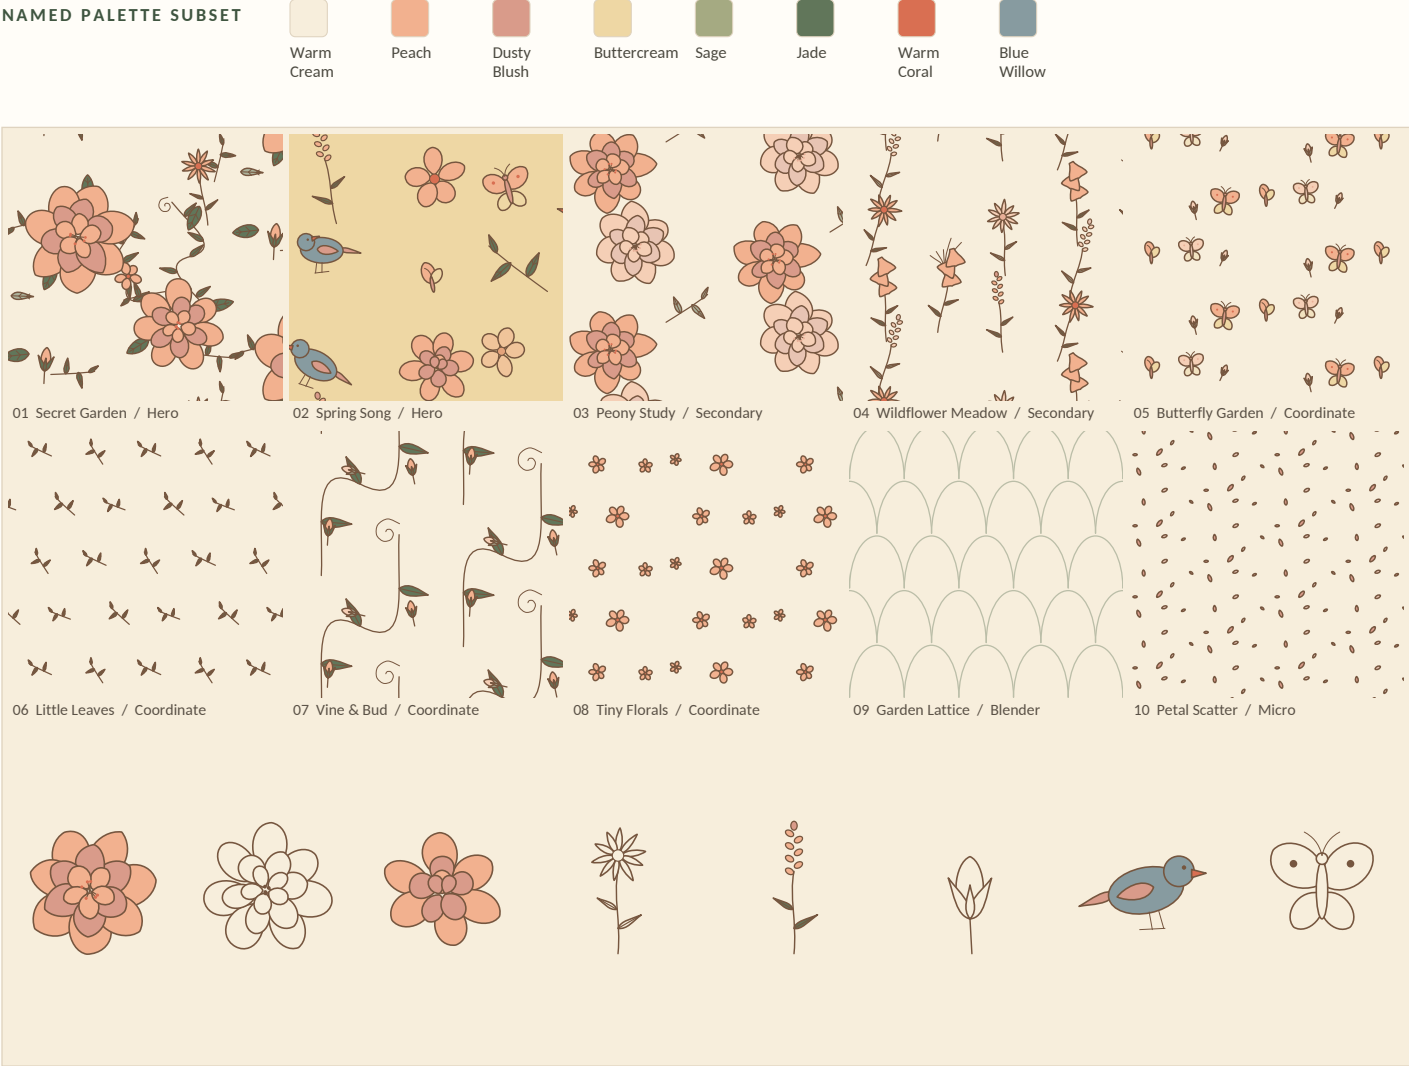

REPEAT THUMBNAIL / HERO CLUSTER IN A 3 X 3 HALF-DROP

The Secret Garden

The first flowers unfolding inside a sheltered garden. Camellias and peonies share space with small birds and butterflies; curved stems imply paths and discoveries without illustrating a literal garden map.

Concept board drawn for this edition: the ten swatches are repeat concepts in true lattice tilings (half-drop, brick or straight), read left to right by row in lineup order; the cream band holds isolated motif studies. Not verified seamless tiles and not Alisha’s artwork.

SIGNATURE

Layered rounded flowers, curling buds, and small hidden companions.

PAIRING TO TEST FIRST

Secret Garden + Wildflower Meadow + Petal Scatter. Put the hero beside one secondary and one quiet support at their relative scales before drawing anything else.

WHAT I NOTICE ON THE BOARD / WHAT I WOULD CHANGE IN MY OWN VERSION

The Secret Garden, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
SG01 Secret Garden Hero	Peonies, camellias, wildflowers and vines	Flowing layered half-drop	Keep a few untouched cream pockets around the large blooms.	3-5 in motifs; 18-24 in repeat study
SG02 Spring Song Hero	Flowers, perched birds and butterflies	Airy narrative toss	Let the birds occupy spaces between flowers rather than sitting on top of them.	3-5 in motifs; 18-24 in repeat study
SG03 Peony Study Secondary	Loose peony blossoms and leaves	Offset single-stem study	Vary the ruffled outer contour without filling every petal.	1.5-3 in motifs; 12-16 in repeat study
SG04 Wildflower Meadow Secondary	Several fine wildflower stems	Light mixed-direction scatter	Keep flower heads smaller than those in the heroes.	1.5-3 in motifs; 12-16 in repeat study
SG05 Butterfly Garden Coordinate	Small butterflies and a few buds	Quiet spaced toss	Use simple wing silhouettes with minimal markings.	0.4-1.2 in motifs; 6-12 in repeat study
SG06 Little Leaves Coordinate	Paired spring leaves	Open offset repeat	Use small changes in leaf angle.	0.4-1.2 in motifs; 6-12 in repeat study
SG07 Vine & Bud Coordinate	Curved stems with opening buds	Gentle continuous trail	Keep each stem shallow enough to remain graceful at small scale.	0.4-1.2 in motifs; 6-12 in repeat study
SG08 Tiny Florals Coordinate	Small five-petal blooms	Simple small scatter	Use one petal family and two sizes.	0.4-1.2 in motifs; 6-12 in repeat study
SG09 Garden Lattice Blender	Fine arches and crossing vine curves	Pale regular lattice	Leave intersections light and uncluttered.	0.2-0.6 in rhythm; 4-8 in repeat study
SG10 Petal Scatter Micro	Loose tiny petals	Soft micro toss	Let the background dominate and avoid obvious rows.	0.15-0.35 in marks; 4-6 in repeat study

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

One loose peony, two camellias, three wildflower stems, a closed bud, two bird poses, and a butterfly. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

- 1. Contrast loose peony edges with the clearer camellia petal layers.
- 2. Sketch one bird as a simple body-and-wing silhouette.
- 3. Thread the smaller stems through two hero flower clusters.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

15

The Garden Party, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
GP01 Garden Party Hero	Open flowers, strawberries, butterflies and birds	Buoyant botanical story half-drop	Keep fruit and birds smaller than the statement flowers.	3-5 in motifs; 18-24 in repeat study
GP02 Summer Meadow Hero	Loose wildflowers and grasses	Airy multidirectional meadow	Allow long stems and broad areas of cream.	3-5 in motifs; 18-24 in repeat study
GP03 Strawberry Vine Secondary	Strawberries, leaves and small flowers	Curving fruiting vine	Use a few berries at different stages instead of repeated identical fruit.	1.5-3 in motifs; 12-16 in repeat study
GP04 Summer Bloom Study Secondary	Open summer blossoms	Spaced medium flower scatter	Vary centers while preserving the same petal language.	1.5-3 in motifs; 12-16 in repeat study
GP05 Tiny Strawberry Coordinate	Small simplified strawberries	Light tossed repeat	Limit seed marks to a few dots.	0.4-1.2 in motifs; 6-12 in repeat study
GP06 Butterfly Coordinate	Small butterflies in two poses	Open offset scatter	Match the wing curves to the flower curves.	0.4-1.2 in motifs; 6-12 in repeat study
GP07 Wildflower Coordinate	Single tiny flowering stems	Quiet sprig toss	Keep stems fine and blooms uncomplicated.	0.4-1.2 in motifs; 6-12 in repeat study
GP08 Little Leaf Coordinate	Small summer leaves	Gentle multidirectional repeat	Use a clear paired-leaf silhouette.	0.4-1.2 in motifs; 6-12 in repeat study
GP09 Garden Stripe Blender	Fine softly wavering lines	Narrow low-contrast stripe	Let irregular line edges retain a drawn quality.	0.2-0.6 in rhythm; 4-8 in repeat study
GP10 Petal & Dot Micro	Tiny petals and warm dots	Open micro scatter	Balance the two shapes without making a strict polka dot.	0.15-0.35 in marks; 4-6 in repeat study

WHAT TO DRAW FIRST

Two summer flowers, one airy wildflower, a strawberry with leaves, a butterfly, a small bird, and three loose petals. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

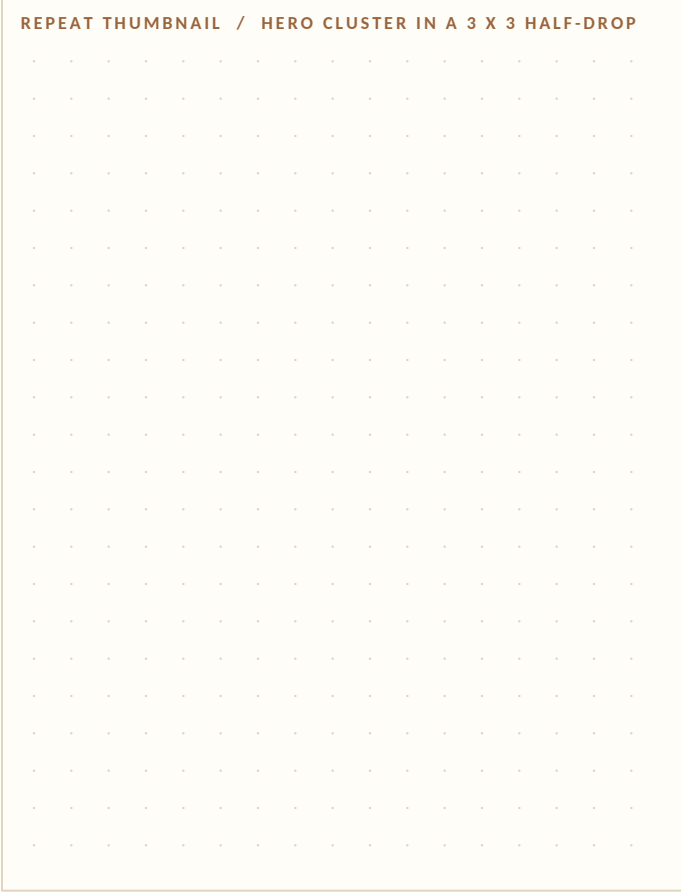

- 1. Draw the strawberry as a tapered form with sparse seed marks.
- 2. Use flowers with open centers to distinguish summer from the layered spring blooms.
- 3. Build one full garden group and one airy meadow group.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

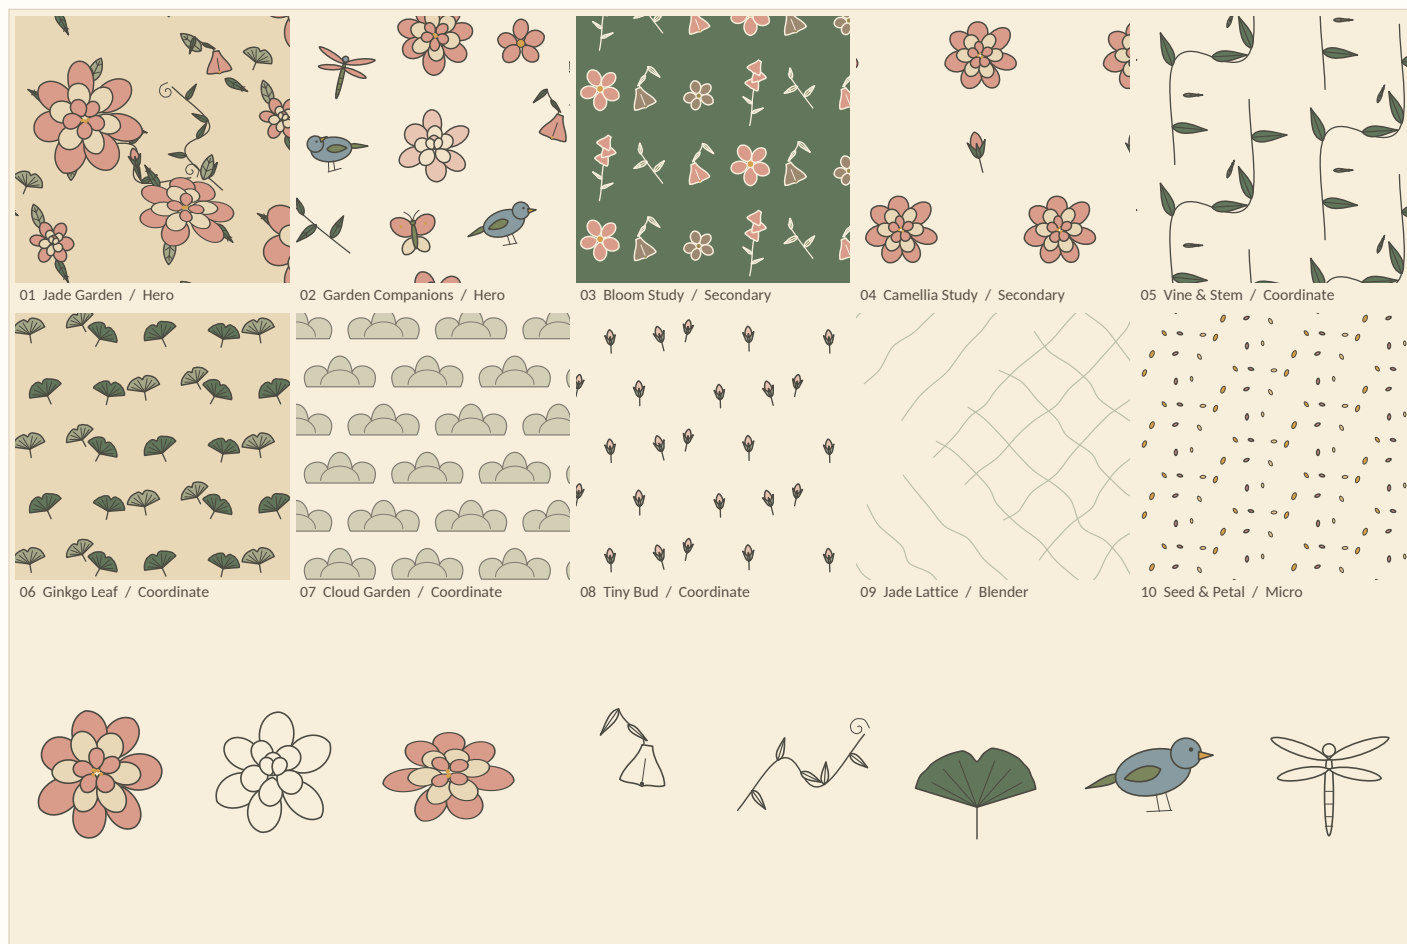

REPEAT THUMBNAIL / HERO CLUSTER IN A 3 X 3 HALF-DROP

Jade Garden

The signature evergreen collection: rounded camellias, flowing vines and small garden companions. Fine lines, warm parchment and rich greens connect Art Nouveau movement with the quiet structure of a collected garden.

NAMED PALETTE SUBSET

Concept board drawn for this edition: the ten swatches are repeat concepts in true lattice tilings (half-drop, brick or straight), read left to right by row in lineup order; the cream band holds isolated motif studies. Not verified seamless tiles and not Alisha's artwork.

SIGNATURE

The camellia is the signature bloom; S-curves create movement and ginkgo fans provide a restrained structural accent.

PAIRING TO TEST FIRST

Jade Garden + Camellia Study + Jade Lattice. Put the hero beside one secondary and one quiet support at their relative scales before drawing anything else.

WHAT I NOTICE ON THE BOARD / WHAT I WOULD CHANGE IN MY OWN VERSION

Jade Garden, design by design

Every brief: motifs, composition and repeat direction, one drawing decision and a starting scale study

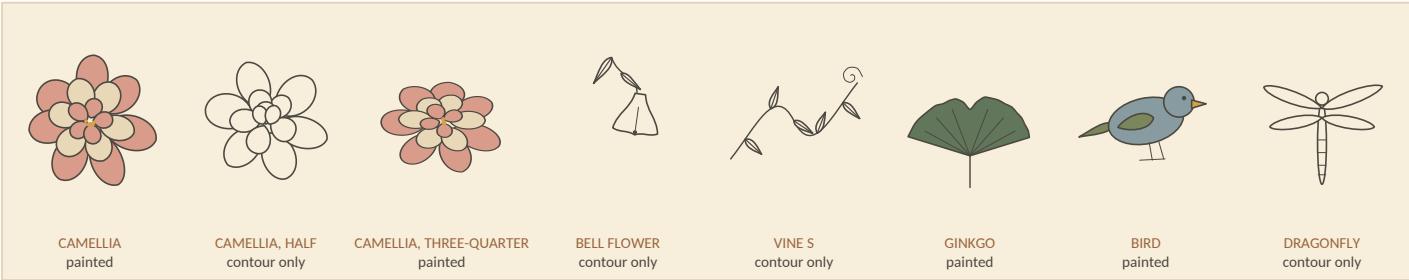

ID / name / role	Motifs	Composition / repeat	Drawing decision	Scale study
JG01 Jade Garden Hero	Camellias, bell-shaped flowers, vines and foliage	Rich but open half-drop	Use three camellia angles and flowing S-curves as the structural spine.	3-5 in motifs; 18-24 in repeat study
JG02 Garden Companions Hero	Flowers, birds, butterflies and dragonflies	Spacious narrative toss	Keep companions smaller than the blooms and faces understated.	3-5 in motifs; 18-24 in repeat study
JG03 Bloom Study Secondary	Small mixed blossoms and short leaves	Compact medium floral clusters	Use bell flowers and open blossoms so this differs from Camellia Study.	1.5-3 in motifs; 12-16 in repeat study
JG04 Camellia Study Secondary	Single camellias and buds	Airy offset stem repeat	Reduce each bloom to clear layered petals.	1.5-3 in motifs; 12-16 in repeat study
JG05 Vine & Stem Coordinate	Thin stems and narrow leaves	Graceful diagonal trail	Let the curve do more work than interior detail.	0.4-1.2 in motifs; 6-12 in repeat study
JG06 Ginkgo Leaf Coordinate	Small fan-shaped ginkgo leaves	Quiet alternating toss	Vary the notch and fan width without making a geometric icon.	0.4-1.2 in motifs; 6-12 in repeat study
JG07 Cloud Garden Coordinate	Soft layered cloud-like curves	Open rounded ornamental rows	Use an original curved structure with only a few repeated contours.	0.4-1.2 in motifs; 6-12 in repeat study
JG08 Tiny Bud Coordinate	Small closed flower buds	Loose staggered scatter	Simplify each bud to two or three lines and a light fill.	0.4-1.2 in motifs; 6-12 in repeat study
JG09 Jade Lattice Blender	Thin garden-inspired crossing curves	Low-contrast open lattice	Maintain consistent spacing and delicate intersections.	0.2-0.6 in rhythm; 4-8 in repeat study
JG10 Seed & Petal Micro	Tiny seeds and petals	Calm micro scatter	Keep one slightly elongated mark family throughout.	0.15-0.35 in marks; 4-6 in repeat study

ORDER I WILL DRAW THEM IN / WHAT TWO PRINTS SHARE ONE DRAWING

Draw first, then arrange

Isolated motif references from the board, what to draw first, and room for your own studies

ISOLATED MOTIF REFERENCES DRAWN FOR THIS RANGE

WHAT TO DRAW FIRST

Three camellias: full, half-open and side-facing. Add a bell-shaped flower, two vine curves, a ginkgo leaf, one bird and a dragonfly. Draw each on paper at a comfortable size, line only, before any color or repeat work.

THREE DEVELOPMENT STEPS

1. Begin with an uneven oval and overlapping rounded outer petals.
2. Add smaller inner petal groups; keep the center open enough to read.
3. Build an S-curve vine linking two differently angled camellias.

Scale check: hero motifs about 3-5 in, secondaries 1.5-3 in, coordinates 0.4-1.2 in, blender rhythm 0.2-0.6 in, micro marks 0.15-0.35 in. These are starting studies; the product decides the final size.

SILHOUETTE STUDY / ONE MOTIF, SOLID FILL, NO INTERIOR LINES

REPEAT THUMBNAIL / HERO CLUSTER IN A 3 X 3 HALF-DROP

Compare, choose, finish

Score each range honestly, then commit to one finished ten-print range

Collection	Drawing momentum (1-5)	Buyer fit I can name	Motifs already drawn	Prints proofed	Decision
Harvest Garden HG / 10 prints					
Christmas at the Garden CG / 10 prints					
Winter Garden WG / 10 prints					
The Secret Garden SG / 10 prints					
The Garden Party GP / 10 prints					
Jade Garden JG / 10 prints					

DECISION RULE

Choose the range you can return to for several weeks with drawings you already have. Momentum beats novelty: Jade Garden has camellia practice behind it and Harvest Garden follows the current fall and Christmas interest; both share the cream ground, the line quality and the approach to space, so the first motif library is reused either way. Keep the other ranges as reference folders until the first range is proofed and presented.

RELEASE CHECK FOR THE CHOSEN RANGE

- ☐ A recognizable hero and a genuinely different second hero.
- ☐ Quiet supports that pair with the hero at their intended scales.
- ☐ One named palette subset used consistently across all prints.
- ☐ Clean repeat boundaries tested on an exported tile, not only the live preview.
- ☐ Readable detail at the intended product size.
- ☐ A concise presentation with IDs, roles and the palette (Book 1, page 18).

THE RANGE I WILL FINISH FIRST / WHY / BY THE END OF WEEK

WHAT ITS FIRST TEN DRAWINGS WILL BE
